Child needs second dose _____

Assess if child needs second dose _____

Clinic :

The South Dakota Immunization Information System (SDIIS) is an automated system to document vaccinations given in South Dakota. SDIIS will give parents access to their child's immunization record from any participating South Dakota provider. SDIIS also allows providers to send reminder notices regarding needed immunizations. Health care providers, health care facilities, federal or state agencies, welfare agencies, school or family day care facilities may have access to this information. Immunization records remain confidential, and any person who fails to protect the confidentiality of this information is guilty of a Class 1 misdemeanor. If you choose NOT to have your/your child's immunization record shared with other providers you may request a refusal form.

For child being vaccinated - check any that apply

____ Enrolled in Medicaid Please provide Medicaid #____________

____ Does not have health insurance

____ American Indian or Alaskan Native

____ Health insurance that DOES NOT pay for vaccines
