SDATAT 2015 Spouses' Program Presents:

POTTERY STUDIO PARTY

This year we will be visiting the new area pottery studio, "Under the Rainbow". You will have your choice of hand building, using the pottery wheel or just picking your pieces from the vast supply of pre-fired pottery in stock. You will also receive coffee with creamers, water and muffin/donut.

Finished pottery would make a wonderful Christmas gift; or reward yourself. No talent required. On-site artist will be available for consultation. If your finished product is not finished by the time the program is done, your product will be shipped to you at no extra charge.
