Possible Availability of
Mobile Homes and Travel Trailers

May 15, 2009

The South Dakota Federal Property Agency (SDFPA) may be able to once again obtain mobile homes from FEMA. The units we are presently seeing available are 14 x 64 with 3 bedrooms and are used, but in good condition. We prefer to ship these direct to keep costs down. When these become available we have to react quickly, so knowing in advance who may have need of these is very important to us. There are currently units located relatively close to SD so these are desirable as shipping costs will be lower. We expect costs to be between \$5,000 and \$7,500 depending on where they will be shipped to.

If your organization has need of mobile homes, please complete this questionnaire and return it to us by fax to 605-353-7164 as soon as possible so we can place you on our want list. We will use these surveys to contact donees and allocate the mobile homes as they become available.

Along with the completed survey, please include a dated, signed cover letter on your organization's letterhead indicating your interest in these items and anticipated use for each unit requested.

Requesting a mobile home only puts you on a want list and does not commit you to taking one.

Please remember that all restrictions regarding surplus property apply to these mobile homes. They can not be sold, rented, or otherwise disposed of during the 18 month period of restriction.

Return this survey by fax to: 605-353-7164.
