Presidents Report

Welcome from Parkston. We are hoping everyone is having a safe and prosperous harvest. Weather has been great for harvesting! We had our Weed and Pest Control Commission Meeting on Sept. 8 and 9 in Aberdeen. We toured Cutler Ranch at Frederick, SD and seen how biocontrol is being used on Yellow Toadflax. It seems to be working really well. It also seems to be working on our leafy spurge in District 2. Then we toured Tanka Wind Farm near the South and North Dakota border, which was very interesting. We will be having meetings for SD Weed and Pest Districts Nov. 3, 4, 5, and 8th. Remember fall is a great time for spraying pastures. Until next time, wishing you all a bountiful harvest and a Happy Thanksgiving. Floyd Muntefering, Parkston, SD.

DISTRICT NEEDS

Each district will need to elect new officers. The chairman and vice chairman must be county board members. The secretary does not need to be a board member but each district secretary is on the nominating committee at the state conference.

Only the counties that have paid their dues to the association will get to vote on all issues.

All Weed & Pest Commissioners will be appointed by January 1, 2011, so each district will need to nominate at least three individuals for their district and one for a seat at large. Please come with names and bodies, if possible, for all these positions. Commission nominee forms will be available at the meeting. The meeting will not adjourn until all positions are filled!!!!

COUNTY REPORTS DUE

The Annual inspection reports are due in Pierre by November 1 the Fiscal and Annual activity reports are due in by January 31.

Thanks to Beadle, Douglas and Harding for getting their inspection reports in already.

Promotion items ordered by Nov. 2 will be delivered at the district meetings.
